Gary,

Demita called LeRoy and they have a 10 transfer facility that can hold the NT7 load until next week however there will be a \$175/day rental fee. The tanker is a rental doesn't belong to Lonestar so we are somewhat stuck with the charge. I have asked LeRoy to see if they can split the fee with us and if not at least only charge us the cost of the rental without markup. In the meantime Lonestar will run the percent water and BTU values to make sure we won't have issues at Ashgrove. If you want to know about storing the tanker onsite we can do that but it won't negate the rental fee so I don't see how that would benefit us in anyway. Let me know if we need to discuss further.

Thanks,

Beth Crawford
